

I am writing in response to the possible displacement of my local K-LOVE (94.3FM) Elgin, Illinois radio station by a LPFM. Our local 94.3FM K-LOVE station broadcast Christian music to an exceptionally large audience in the Chicagoland area. Without this station, our ability to hear Christian music on the radio is limited. I am a Mother of 3 small children who get enough of the allowable garbage coming at them through the media everyday. In the car and at home we chose to listen the music that is positive and encouraging with a message of Jesus Christ. By this radio station being in existence we are telling our young people that there are others in the community who believe the message of Jesus is important. Sure, I have CD's which I could play in my car for my own children, but then this music is not reaching out to others who need to hear it too.
